## Airbrush Skills Training

AS-TL1-01

So you received your first airbrush... Congratulations!

Do you know how to use it?

Is it the right one for what you want to do?

### Summary

**Duration**  
3 Day(s)

**Scheduling**  
Part Time

**Category**  
Airbrush Skills

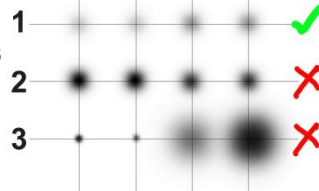

### Introduction

The training we offer is run over 3 Saturday mornings, with very small groups (1-5). Thereby ensuring individual attention and to allow the students to practice each day's teachings.

### Objectives

After completing this training you will know:

- The different types of airbrushes and their uses
- How to maintain and care for your airbrush
- What compressor to use
- Understand the different paints
- How create your own stencils
- The trigger control skills
- Importance of safety

### Prerequisites

You will need to bring the following:

- Yourself ☺
- Airbrush (not mandatory, but if you have one bring it)
- Compressor (not mandatory)
- Old clothes or overall
